### **Environmental Quality Board Meeting Scheduled for Norman**

Members of the Environmental Quality Board (EQB) of the Oklahoma Department of Environmental Quality (DEQ) encourage residents of the Norman area to attend a public forum scheduled for Tuesday, November 15, 2011. The public forum will be held following the regular business meeting of the Board. There is no way to estimate how long the business meeting will last, so there is no exact time for the start of the public forum. Both the meeting and public forum will be held in classroom 3910 at the National Weather Center in Norman, located at 120 David L. Boren Blvd. The regular business meeting will begin at 9:30 a.m. The Environmental Quality Board is the rulemaking authority for DEQ.

"The Board welcomes input from those concerned about Oklahoma's environment and the regulations governing their protection," said Environmental Quality Board Member Sandra Rose. "The Board's role at the forum is to listen to citizens. While the Board can't talk about pending permits or enforcement actions, we do want to know about your issues of concern."

The meeting and public forum are open to everyone. To learn more about the Oklahoma Department of Environmental Quality, visit [www.deq.state.ok.us](http://www.deq.state.ok.us). For more information regarding this event, contact Myrna Bruce at (405) 702-0100.
