Water Use Advisory Issued for Golden West Mobile Home Park

The Oklahoma Department of Environmental Quality (DEQ) has advised Golden West Mobile Home Park, located in Washita County, to inform users of its drinking water to use water that has been brought to a full, rolling boil for at least one minute, bottled water, or water from another acceptable source for consumption, use in food preparation, dishwashing and brushing teeth. This advisory was issued due to the presence of *E. coli* and is for **Golden West Mobile Home Park ONLY**.

Users will be notified when the water is considered safe for human consumption. Federal law requires that consumers be notified when a public water supply exceeds certain maximum contaminant levels and might be harmful to the health of consumers.
