DEQ and Phillips 66 to Hold Open House to Discuss Former Duncan Refinery Site in Meridian

The Oklahoma Department of Environmental Quality (DEQ) and Phillips 66 Company (Phillips 66) will host an open house on Monday, July 16th, from 6:30 p.m. to 8:00 p.m. to discuss the Former Duncan Refinery site. The community open house will be held at the FAME Academy School, 179585 N. 2820 Road in Meridian. Representatives from DEQ and Phillips 66 will be available at the open house for discussion and to answer questions related to the site. Attendees will learn about DEQ's Voluntary Cleanup Program process, recent sampling and cleanup, and future plans for the site.

The Former Duncan Refinery site is an area of approximately 420 acres of vacant land located about five miles south of Duncan. The property is in DEQ's Voluntary Cleanup Program (VCP). Stephens County, DEQ, and Phillips 66 are working together for the cleanup and reuse of the former refinery property.

For more information about the Former Duncan Refinery, contact Oscar Esparza, Oklahoma DEQ Project Manager, at 405-702-5296 or Amy Brittain, Oklahoma DEQ Program Manager, at 405-702-5157.

Press inquiries should be directed to Phillips 66 at 800-633-7922 or to DEQ's Erin Hatfield at 405-702-7119.
